## 19. Innovation Cell / Club

Institution has created an ecosystem for innovations and creation and transfer of knowledge supported by dedicated centres for research, entrepreneurship, community orientation, incubation, etc. The Institution contains three important components to enrich the ecosystem: Institute Innovation Cell, Industry Institution Interaction Research Projects Institute Innovation Cell (IIC-PESCE): The IICat PES College of Engineering vision is to encourage student driven innovations and start-ups activity within the campus, PESCE aims to develop, streamline and strengthen the Entrepreneurial and Innovation environment in the Campus. PESCE will leverage the potential of engineering skills, student's creativity and Entrepreneurial mind-set, and promoting a strong intra and inter institutional partnerships with ecosystem enablers and different stakeholders at regional, national and international level. The Entrepreneurial Culture in PESCE will play a Key Role in Identifying, Mentoring and Nurturing Innovative Potential of Students, Faculty and Technical Staff. PESCE Creates an environment for students and faculty to innovate and bring their ideas into reality with necessary infrastructure and assist students and faculty innovations in getting support from government, industries and reputed academic institutions around the world and to present it to the society with benefits. Industry Institution Interaction (III): Today as India plays a major role in the rapid change of technology, the developments in various fields of technology are due to the contribution of both industry and academia of the country. The industry and institution are interdependent on each other for new inventions and discoveries to meet the demands of the present problems of the society. It is a fact that when industry and institution go hand in hand and cooperate with each other more innovations can happen. This creates a healthy environment in the country and there will be all-round development. This is an important factor in making the economy of the country more strong. Both industry and institution play a vital role in the development of the nation.

PESCE Research Projects: Today's scenario speaks for advanced Technology need to be frontline to improve the knowledge of students and benefits to the society. In this regard, PESCE Faculties project proposal sanctioned to do research accomplishment 1) Artificial Intelligence and Machine Learning Lab 2) Modernization and Removal of Obsolescence (MODROBS)

The following are the activities of induction program:

Physical Activity, Creative Arts, Universal Human Values, Proficiency Modules, Lecturers by Eminent Peoples, Literary Activities, Familiarization to Department/Branch, Innovations & Best Practices.

around 200 students along with the mentors, from various institutions across south India have participated to showcase their skills and develop technological methods for the benefit of society. The Themes for the event are a) Healthcare & Biomedical devices, b) Robotics & Drones for Human aid, c) Agriculture & Rural Development and d) Smart Vehicles

The basic necessary requirements for the participants were provided. Participants downloaded the necessary tools and started implementing their innovative ideas. In the first round, the jury panel members revived the abstract submitted by the participants. In second round of evaluation, the

progress of each team reviewed the technologies that they have used. In final round of evaluation all teams have to present on the solution that they have built and jury panel announced the winners of Hackmania 3.0. During the event, we provided Lunch and refreshments to all the participants. The

participation certificates was also provided to all the participants. The cash prize have been awarded to both Winners and Runner Ups (2) along with appreciation certificate and the cash prize for winners was Rs 50,000/- and Runner Up(1) was Rs 35,000/- and Runner Up(2) was Rs 20,000/- .The event was proposing development and implementation of innovative ideas using new tools.

Further, from Institute Innovation Council (IIC) every year we conduct Ideathon event for the students to have the innovative ideas and implement the same for the social cause of the society.
