Academic Year 2023-24

STUDENTS PARTICIPATION AT MANAGEMENT FEST

Our students actively participated in the Management Fest, showcasing their talent, creativity, and managerial skills. They engaged in events such as business quizzes, case study analysis, group discussions, and cultural competitions. The fest provided them with a platform to apply theoretical knowledge in practical situations, enhance teamwork, leadership, and problem-solving abilities. Their enthusiastic involvement not only boosted confidence but also enriched their learning experience beyond the classroom.

Students actively attended management fests organized by various colleges, where they participated in events such as business quizzes, case study analysis, marketing games, and group discussions. These experiences provided them with exposure to competitive environments, enhanced their leadership and teamwork skills, and encouraged practical application of classroom knowledge.

Participation in management fests provides students with an excellent opportunity to explore their managerial, analytical, and communication skills beyond academics. These events serve as a platform to showcase talent, creativity, leadership, and teamwork while competing with peers from various institutions. By engaging in activities such as case studies, business quizzes, group discussions, and presentations, students gain valuable exposure to real-world problem-solving and professional networking.

On 03.09.2025 Student participated Inter-Collegiate Tennis Ball Cricket Tournament - Management Premier League Season III 2K25 Organised by Maharaja Institute of Technology Mysore
